Forecast for Wednesday 02 Nov 2022

Weather: The morning will be largely dry with some sunshine. Widespread heavy rain will extend east through the afternoon for a time. Then heavy showers or longer spells of rain will develop later in the afternoon and evening, some sleet or wet snow likely on the higher tops after dark.

Chance of cloud-free hill tops above 800m: 50%, best chance in the morning

Low cloud and visibility: Very good visibility in the morning with only small amounts of cloud on the tops. Widespread low cloud will develop through the afternoon down to 700 metres, this becoming more broken once the persistent rain clears late afternoon.
